The National Conference of Charities and Correction

ESTABLISHED 1874

ITS PURPOSE.

The National Conference of Charities and Correction exists to discuss the problems of charities and correction, to disseminate information and promote reforms. It does not formulate platforms.

MEMBERSHIP.

All persons who are interested in charities and correction may become members by registering their names and paying the annual fee.

The Conference has no endowment and solicits no large contributions. Its support is from membership dues (annual and sustaining) and the sale of its publications; with the addition of a contribution towards publishing the proceedings, made annually by the Local Committee of the city in which the meeting is held.

Each member is entitled to a copy of the Proceedings (about 700 pp. cloth, price \$2.00) and the National Bulletin. Sustaining Members (on request) receive an additional copy of the Proceedings. Members are also entitled to the services of The Bureau of Information without charge.

The annual membership has been held at the small sum of \$2.50 so that no interested person may be debarred. To meet expenses and to help extend the influence and usefulness of the Conference, those able to afford it are invited to become Sustaining Members, paying ten dollars annually.

The present membership is about 2,000 annual and 200 sustaining. The Executive Committee earnestly desires to increase the membership by fifty per cent. during the current Conference year.

Membership is not conditional upon attendance, but those who purpose attending can facilitate the work of registration, etc., if they will kindly send their membership in advance.

Fourth Number of Fourteenth Year, October, 1911

The Thirty-Ninth Conference

The Thirty-Ninth Conference will be held in Cleveland, Ohio, beginning June 12th and closing June 19th, 1912. This will be the second Conference to be held in Cleveland.

The Seventh Conference was held in Cleveland in 1880 and was the most notable and the most numerously attended up to that time. The President was General Roeliff Brinkerhoff of Ohio, whose death this year we deplore. At this Conference, the custom began of requesting Governors of States to appoint delegates, in addition to the members of State Boards and Commissions who first constituted the Conference.

Among the notable things connected with the Seventh Conference, the following are especially interesting: The first "Report on Associated Charities" was made by Rev. Oscar Carlton McCulloch of Indiana, and his paper included a discussion of the work and theory of Charity Organization, with a history of the movement which is still one of the classics on the subject. A special session was held on "*Lunacy*" and papers advocating the "Non-Restraint Treatment," then beginning to be used, were read by Dr. Shaw of Brooklyn, and by Dr. Gundry, whom politics had driven shortly before from Ohio to Maryland; Dr. Seguin, the father of educational work for the feeble-minded, read a paper on "The Right of the Insane to Liberty"; Dr. Walter Allen read a notable paper on "The Supervision of *Lunatic Hospitals*."

At this session the plan of a National Association for the Protection of the Insane was advocated by Dr. Beard of New York, as well as by Dr. Allen in the paper above referred to.

Under the heading of "Dependent and Delinquent Children," Mrs. Anne B. Richardson of Massachusetts, presented the system of placing and visiting children of that state for the first time; Dr. Albert G. Byers of Ohio, explained the Ohio system of care; Dr. Howe of Connecticut, told of the "family" or "open" system of managing what was then popularly called the Reform School; and Charles Loring Brace gave a paper on "Founding Children's Charities in Towns and Villages," which showed the methods of the New York Children's Aid Society. Many other notable

S.M. 20/11/12

views on reformatory and charitable work were presented to the Seventh Conference. Some of these, although they have been almost universally approved and have become trite by re-iteration are not yet in universal practice; so far does our practice lag behind our theory.

To cite the names of the speakers at the Seventh Conference is like going over a list of departed worthies, the apostles and prophets of social service. Besides those mentioned above, many members of the Conference will remember with esteem and affection Messrs. Charles Thomas, Thane Miller and W. D. Patterson, of Ohio; Mrs. Clara T. Leonard and Gardner Tufts, of Massachusetts; Bishop Gillespie, H. W. Lord, Levi L. Barbour and Mrs. D'Arcambal, of Michigan; Peter Caldwell, of Kentucky; Dr. Charles S. Hoyt and Dr. H. B. Wilbur, of New York; Rev. J. L. Milligan, R. D. McGonnigle and Dr. Diller Luther, of Pennsylvania; Dr. Joseph G. Rogers and Charles F. and Rhoda Coffin, of Indiana; H. H. Giles, A. O. Wright, Mrs. E. B. Fairbanks and Mrs. W. B. Lynde, of Wisconsin.

Cumulative Index

Five years ago the Executive Committee authorized the publication of a Cumulative Index of the first thirty-three volumes of the Proceedings of the Conference, 1874 to 1906 inclusive. The next issue of the Bulletin will contain a five years' supplement to the Cumulative Index, being a cumulation of the indexes of the volumes for 1907 to 1911 inclusive. The index will be uniform with the previous issue and will form a very valuable appendix to it.

It is intended also to publish next year a five-yearly appendix to the Guide, the first edition of which covered the years 1874 to 1907 inclusive.

Advertising the Conference

The Thirty-Ninth Conference is to be held in Cleveland and we may, therefore, expect a very large attendance from the Middle West. Members are respectfully requested to send in to the Secretary the names of friends who are or ought to be interested in modern methods of Charities and Correction, to whom circulars, bulletins and so forth will be sent in the hope of securing their interest in the Conference.

All members are respectfully requested to look for their names, as found in the membership list which is printed with this Bulletin, and promptly notify the Secretary of any change or correction that ought to be made. The Proceedings will be ready for delivery in the course of a few weeks, and it is important that any correction of address should be received before they are sent out.

A State Conference of Charities and Correction, arranged and managed by the University Extension Department of the State University, was held October 12th to 15th, 1911, at Milwaukee. The extension Department secured the hearty co-operation of the State Board of Control and the Central Council of Philanthropy of Milwaukee. During the State Conference, a meeting of the Wisconsin Anti-Tuberculosis Association was held; this was also under the auspices of the University Extension Department. One meeting of the Conference was a joint session with the Anti-Tuberculosis Association.

PUBLICATIONS OF THE CONFERENCE.

A file of the Proceedings of the National Conference of Charities and Correction should be found in the sociological department of every Public and College Library. Every Charity Organization or Child Helping Society ought to have a library for the use of its agents, and the Proceedings form an indispensable part of, and an excellent beginning for, such a library. The offer of free, and partially free, volumes which appears below should be embraced while it is open, by every College, Public Library, Society and Institution, not now possessing a file.

THE PROCEEDINGS

are published annually. Recent volumes contain about 675 to 700 pp. bound in cloth, price \$2.00. The membership subscription includes a copy sent free to each member. The volume is sold to State Boards and Societies at a liberal discount in quantities of ten copies or more.

FILES.

Complete files of the Proceedings, from 1874 down, can no longer be procured, but many of the most valuable volumes are still in stock. Beginning with 1882 they are all available, except those for 1886 and 1888. They are for sale as follows: Volumes prior to 1893 at \$1.00 per copy; from 1893, \$1.25 each; current volume, \$2.00. These prices include postage or express. A liberal discount is made on the purchase of ten or more volumes.

There are frequent demands for full sets and the Secretary will be glad to exchange with, or buy from, owners of volumes of an earlier date than 1889 on liberal terms. Please write to the Secretary if interested.

FREE TO COLLEGE AND PUBLIC LIBRARIES.

A recent action of the Executive Committee authorizes the Secretary to offer to Public, College and Institution Libraries, without charge except for shipment, copies of certain volumes of which there is a sur-

plus on hand. For some of these a charge for binding must also be made. The list of surplus copies available under this order is as follows:

Free, except freight, etc., the volumes for 1889, 1894, 1904, and 1907.

With a charge of 50c per volume for binding, in addition to freight, etc., the volumes for 1892, 1893, 1897, 1898, 1900, and 1901.

THE GUIDE TO THE STUDY OF CHARITIES AND CORRECTION:

by means of the Proceedings of the National Conference (using 34 volumes, 1874 to 1907). Cloth, 353 pp., price \$2.00, or by mail postpaid, \$2.25.

The volumes of the Conference contain an unequalled collection of material for study in the departments with which it is concerned; but the papers and discussions on a given subject are distributed through so many volumes as to be practically inaccessible to the busy man, nor do the titles always give an accurate idea of the whole contents of papers.

THE GUIDE consists of brief reviews of about 1,200 papers, addresses and reports, contained in the volumes; with references to about 2,000 passages in the Discussions and the Reports from States. These are arranged into chapters, with sub-titles of sections. The comparative importance to the student of the different articles on a given subject, is indicated partly in the text, and partly by the size of type used.

An appendix to **THE GUIDE**, using the volumes 1908 to 1912 inclusive, will be compiled next year and issued as a **BULLETIN**.

CUMULATIVE INDEX OF THE PROCEEDINGS
